THE MESSAGE FROM OUR FOUNDER

We Believe in Relationships!

At CNA, our mission is to exceed your expectations. We are dedicated to delivering high quality services that instill confidence and ensure outstanding results.

The exceptional customer experience we provide is the cornerstone of our success in this competitive market.

Dear Valued Clients and Partners,

Welcome to CNA Cleaning Services Pty Ltd. Since our humble beginnings in Melbourne in 1994, we've been driven by a passion for excellence, earning a reputation built on quality, trust, and reliability.

Our journey over the past 30 years has seen us grow and expand our services across regions and states, all while staying true to the vibrant community of Melbourne's eastern suburbs.

Our success story is written with the support of our loyal clients and dynamic team. We've forged lasting partnerships, adapting to the needs of every organization, from innovative start-ups to established multinationals. Our dedicated employees bring stability and expertise to a wide range of facilities, all while taking conscious steps to protect our environment.

I invite you to discover the heart of CNA Cleaning Services—our people, our clients, and our unwavering commitment to excellence. Thank you for your continued trust and support.

OUR STAFF

At CNA Cleaning Services, our cleaning staff are essential to delivering comprehensive and thorough cleaning programs. We follow strict processes to ensure we employ suitable and qualified staff, including mandatory security vetting such as Police Checks and Working with Children Cards. Each contract has a designated leading hand responsible for ensuring compliance with specifications.

We also consider employing your current cleaning staff, provided they meet our training and policy standards, to support the local economy. Our ongoing internal training program aligns with Best Practice procedures and keeps our staff updated on new and innovative cleaning methods. Additionally, we encourage staff to pursue part-time external studies in Asset Maintenance, covering all study-related costs.
